INFORMATION DISCLOSURE STATEMENT

Pursuant to the duty of disclosure under 37 CFR § 1.56, Applicant desires to bring to the attention of the Examiner known references believed to be material to the patentability of this application. This disclosure is made in accordance with 37 CFR §§ 1.97 and 1.98 and § 609 of the *Manual of Patent Examining Procedures*, within three months of the electronic filing of the above-identified application.

The patents and nonpatent references are listed on the attached form PTO/SB/08A. Copies of the cited references are enclosed. In keeping with the spirit of the Paperwork Reduction Act, Applicant has provided a legible copy of each reference as required by 35 CFR 1.98(a)(2) in the form of digital images encoded on two Compact Disc-Recordable (CD-R) discs. This form of "legible copy" is enumerated in 35 CFR 1.52(a)(1)(v) as one type of copy used by the Patent Office. The two CD-Rs are identical, and are labeled in accordance with 37 CFR 1.52.

The CD-ROM was created on an IBM-PC compatible computer using the Windows 98SE operating system, and contains the following files:
